---

Hi everyone,

Steve and I are working together on draft messages regarding Upper Cement Creek. Our goal is to distribute these internally by early Wednesday and we're hoping that the team can do a quick turn-around of one day with comments. We'll need to get draft talking points to the state and BLM by Thursday. The plan is to then incorporate CDPHE and BLM comments by early Monday so that we can get a final draft to all parties, including Sunnyside, by end of day Monday (prior to Tuesday meeting). We appreciate your help with this tight schedule.

I will send an email to CDPHE, BLM and Sunnyside later today regarding the following:

- Joint EPA - BLM - CDPHE - Sunnyside pre-Silverton meeting is confirmed for **Tuesday April 10 at 8 am in Sagebrush/** EPA conference center;
- EPA will share the following with all parties prior to the April 10 pre-meeting: draft talking points, Silverton trip schedule, ARSG's draft agenda;
- Jim Martin has scheduled a briefing on Upper Cement Creek with state legislators for 7:30 am Tuesday, April 17 at the capitol.

The current draft schedule for Silverton April 18-20 is:

- April 18: Travel
- April 19: 10 am meeting with San Juan County Commissioners and Silverton Town Trustees
- April 19: Afternoon: Attend ARSG's technical work group meeting?
- April 19: Evening: Participate in ARSG regularly scheduled meeting; to be held at Town Hall to encourage broader community participation
- April 20: Travel

Jennifer
